## WASHINGTON HERALD BUREAU, 605 King Street.

Alexandria, Va., June 6.—An alleged gambling resort on the north side of King street, between Pitt and Royal streets, was raided shortly after 2 o'clock this morning by Acting Lieut. Roberts and Policemen Ferguson, Sampson, Garvey, Bell, and Rawlett. Eight men were taken in custody and charged with gambling. Those arrested gave the following names: Pete Daily, Dug Lunsford, B. Browning, W. Rixby, M. Conlin, I. Hawkins, C. Ticer, and I. Hobson. The first named was required to leave \$30 collateral for his appearance in the police court, and the remaining seven left \$5 each. The raid of the place was made following a complaint made to Acting Lieut. Roberts by a man named C. E. Kimball, who alleged that he lost \$4 at the place. In connection with the raid, the police captured three decks of playing cards, one box of beer, and about a pint of whisky. They will be offered as evidence.

While other merchants kept their respective places of business closed in compliance with the Sunday closing laws, George Magner, a Greek fruit dealer, whose place of business is at the head of King street, was doing a thriving business yesterday until he was suddenly interrupted by Policemen Nicholson and Gill. He was taken to police headquarters and required to leave \$5 collateral. Magner, however, was not dismayed, and he evidently desired to replenish his coffers, for during the afternoon he was again arrested by Policemen Nicholson and Gill. He was taken to police headquarters and required to leave \$5 collateral. Magner, however, was not dismayed, and he evidently desired to replenish his coffers, for during the afternoon he was again arrested by Policemen Nicholson and Gill. He was taken to police headquarters and required to leave \$5 collateral.

The trial of Richard, alias "Dick" Pines, one of the four negroes charged with the murder of the Chicago artist, will be commenced at 10 o'clock Tuesday morning in the Corporation Court. A venire of fifty talesmen has been summoned from Fairfax County for the purpose of obtaining a jury. Commonwealth's Attorney Brent said to-night he did not think any difficulty would be experienced in filling the box. Pines will be represented by Attorney Albert B. Nicol, and the prosecution will be conducted by Commonwealth's Attorney Samuel G. Brent.

It is not generally believed the trial will occupy as much time as that of Calvin Johnson, the first of the four negroes to be tried, who was a few days ago convicted of murder in the first degree. Clifford K. Berryman, a Washington cartoonist, will deliver a "chalk talk" at 8 o'clock to-morrow night at the First Baptist Church. In connection with his talk a musical programme will be given. Among the numbers will be a duet by Mrs. B. H. Smart and William C. Mills, both of Washington. They will sing "True Love Is Not For a Day." The committee in charge of the affair consists of J. T. Preston and William Starnell, the latter of Washington. A large number of tickets have been disposed of, and it is expected a large crowd will be in attendance. The proceeds will be used for the benefit of the library building fund.

Members of R. E. Lee Camp, Confederate Veterans, and members of the United Daughters of the Confederacy this afternoon attended the Confederate Memorial Day exercises at Arlington. A large number of other Alexandrians also attended the exercises.

Arrangements have been completed by the members of the Alexandria Light Infantry for its annual excursion, which will be given to-morrow to Marshall Hall. During the evening there will be a reproduction of Custer's last fight, including the burning of Custer at the stake, between the members of Osceola Tribe of Red Men and the members of the local military.

The funeral of George Arthur Krause, the little son of Mr. and Mrs. Edward Krause, who died Saturday, took place this afternoon from his parents' home, 206 King street. Rev. Osborn Belt, pastor of Trinity Methodist Episcopal Church, conducted the services. Rev. Mr. Belt also conducted the funeral services for William Lambert Cockrell, infant son of R. F. and Cora Cockrell, which was held this morning from his parents' residence, 704 North Columbus street.

The funeral of Samuel Blakey, the negro who was killed by James Lucas, also a negro, Thursday night last, took place this afternoon from Demeine's undertaking establishment. Rev. Alexander Truett conducted the services. Children's day services were held at 8 o'clock to-night at the Methodist Protestant Church by the Sunday school. An interesting musical and literary programme was given in which the children participated.

The annual closing exercises of the Episcopal High School, west of this city, will be held June 16 in Liggett Hall on the grounds of the school.

At the First Baptist Church to-day Rev. W. F. Watson, pastor, took for his discourse at the morning services "Infinite possibilities." His theme at the evening services was "The meaning of life's ways."

J. D. Normore, who has been spending the past week at Atlantic City, has returned.

J. William May is ill at his home, 513 King street.

## TO TOUR VIRGINIAN RAILWAY.

## Booker Washington to Inspect Condition of Negroes Along Line.

Charleston, W. Va., June 6.—At the request of the late H. H. Rogers, Booker T. Washington will make an inspection of the conditions of the colored people along the Virginian Railway. Washington has asked Byrd Prillerman, professor at the West Virginia Colored Institute, to arrange the tour through West Virginia. Prillerman has arrived in this city to plan the trip. Washington, in company with Dr. H. B. Frissell, president of Hampton Institute, Maj. R. M. Morton, and others, will make this trip some time after the middle of June.

## MARRY AT MIDNIGHT

## Romantic Elopement Across Two States.

## BLUEFIELD BANKER IS GROOM

George C. Stupolsky Weds a College Girl at Bristol, Tenn.—Parents Forgive Them—Stringent Laws Forbade Wedding in the States of Virginia and West Virginia.

Bristol, Tenn., June 6.—After an exciting flight through two States, an interesting romance was culminated here at 2 o'clock this morning, when George C. Stupolsky, a wealthy young banker and business man of Bluefield, W. Va., was married to Miss Janie Witten, a beautiful young girl of seventeen years. The couple left Bluefield quietly yesterday afternoon and arrived here at midnight. They were soon across the State line into Tennessee, where the girl was eligible to be married. A license was quickly obtained by friends of the young banker, to whom he had telegraphed ahead, and the ceremony was performed by Rev. Father Meyer, pastor of St. Ann's Catholic Church, of this city, at the home of Mrs. M. P. Kidd. The groom is about twenty-one years old, and is connected with Flat Top National Bank at Bluefield, besides other corporations of that city, and comes from a wealthy family. The strenuous objections of the girl's parents to the marriage are said to have been the reasons for the elopement. The girl comes from a prominent Bluefield family, and was formerly a student at one of the female colleges in Bristol. The stringency of the marriage laws of West Virginia and Virginia, is necessary for the couple to flee to Tennessee, where the license could be obtained and the marriage performed. The Catholic father consented to go into Tennessee to perform the ceremony, as a license could not be procured in Virginia. The couple returned to their home to-day.

## COUNTS ABERDEEN SPEAKS.

## Explains Work of League to Fight Tuberculosis in Ireland.

New York, June 6.—The Countess of Aberdeen, whose husband is lord lieutenant of Ireland, made two addresses here to-night, one in Plymouth Church, Brooklyn, the other at the Catholic Club in Manhattan, explaining the work that is being done by the organization which she founded and directs to stamp out tuberculosis in Ireland. The countess let it be understood that no one who wished to gain fame in a good cause would be turned away from the Hotel St. Regis if he goes there before she leaves for Boston to-morrow with a handful of money. One of the reasons Lady Aberdeen came to this country is to interest people financially as well as sentimentally in the tuberculosis crusade she is leading. Those who heard Lady Aberdeen found her to be an interesting platform speaker.

## WEATHER CONDITIONS.

U. S. Dept. of Agriculture, Weather Bureau. Washington, Sunday, June 6, 1909. 8 p. m. Showers Saturday night in the New England States, and in the Middle Atlantic States were followed by fair weather Sunday in these districts. Fair weather also prevailed in the Ohio Valley, the Middle Mississippi Valley, and the Southern and Southwestern States. In the Upper Lake region, the Upper Mississippi and Missouri valleys there were local showers and thunderstorms, and in these regions a change to considerably cooler weather has taken place. In other districts the temperature changed little during the last twenty-four hours. In the Eastern and Southern States the weather will be generally fair and moderately warm during Monday and Tuesday. A general rain to cooler weather will sweep the Middle West during Monday and Tuesday, and cool weather will continue in the Lake region and the Southern States. The winds along the Atlantic coast will be light to moderate variable; on the East Gulf coast light variable; on the West Gulf coast moderate southerly; on the Lower Lakes light to moderate southerly; on the Upper Lakes moderate southerly to brisk northerly. Steady rain Monday for European ports will have light variable winds and fair weather to the Grand Banks.

## VIRGINIA POLITICAL GOSSIP

## Tucker Victory Means Big Shake-up.

Special to The Washington Herald.

Richmond, Va., June 6.—Political gossip in Virginia these days is taking a speculative turn. Many are wondering and asking the question "what will happen if Henry S. Tucker, the 'anti-machine' candidate, is nominated and elected governor. This question is answered by a well-known 'anti-machine' Democrat, who asserts that it will mean not only United States Senator Thomas S. Martin, recognized as the head of the 'organization,' but the 'organization' Representatives in Congress, will have opposition for re-nomination. Not only this, but the 400 officeholders appointed by the governor will be hunting other ways of earning their bread and butter; for Tucker is likely to make a clean sweep and turn out those officeholders who are active in opposing his nomination.

If such things happen, it will be a big political revolution in Virginia, so far as the officeholders are concerned, almost as big as if a Republican were to be chosen to sit in the chief executive's chair. The governor of Virginia, on account of the appointive power vested in him by the new constitution, exerts a powerful political influence. He not only fills approximately 400 State offices, but dominates a hundred State boards, more or less political influence, should such an influence be exerted.

As to Senator Martin's opponent, there is much speculation as to who will be the man if Tucker wins and the 'organization' loses the present contest. It is known that Representative Carter Glass, of Lynchburg, has been asked how he would like to wear the Virginia Senatorial toga. It is also known that Mr. Glass said "Nay," as his present ambition is to be governor of Virginia, for which he will be a candidate four years hence, and then retire to his editorial sanctum in Lynchburg.

Another name mentioned is Representative William A. Jones, of Warrenton. Mr. Jones is the dean of the Virginia delegation in Congress. His friends assert that he probably will be defeated. In a nutshell, it is generally believed that a Tucker victory will upset things in Virginia, so far as the officeholders are concerned, while a Mann victory will mean the present crowd will be more or less retained.

It is the fear of many of the 'faithful' losing their jobs that is the cause, according to reports, that the word has been passed "down the line" by the 'organization' that Tucker must be defeated. Tucker, it is said, the 'organization' is now actively at work for Judge Mann. That means a big vote for the Noteworthy candidate. If the 'organization' presents an unbroken front, it is estimated that Judge Mann will start the day on August 5 with 35 per cent of the Democratic vote practically chalked up for him. There are, however, some weak spots in the 'organization' ranks. A number of the county leaders have bolted Judge Mann. Some of them are weakening, but it is asserted that the majority of them will stand firm by their original announcement for Tucker.

There is one thing the 'organization' is not doing these days in support of Judge Mann, that is, writing letters. In other campaigns an 'organization' leader would write 1,000 letters and 200,000 postage stamps. This year there are no letters; at least, they have not come to light. It is a

## NEW HAMBURG LINER IN PORT

## Vessel One of Finest in American Waters in Many Years.

Has Room for 3,250 Persons, and is Manned by a Crew of 390.

New York, June 6.—The new Hamburg-American Line steamship Cincinnati arrived in port to-day on her maiden voyage from Hamburg. The Cincinnati is pronounced to be one of the finest leviathans that has arrived on this side of the Atlantic in many years. The interior of the vessel is beautifully furnished in oak, mahogany, walnut, and rosewood, and the furnishings of the staterooms have never been exceeded.

The landsman may form an idea of the immensity of the Cincinnati from the fact that, in addition to capacity for 18,000 tons of cargo, she has accommodations for 230 first-class, 426 second-class, 540 third-class, and 200 steerage passengers, a total of 3,250 persons. The crew of 390, making a grand total of 3,640 aboard when every berth is occupied. The Cincinnati is 608 feet in length, 60 feet in breadth, and the distance from the water line to the upper deck is 65 feet. She is constructed of steel and provided with double bottoms extending her entire length. The hull is divided into twelve water-tight compartments, making the vessel practically unsinkable.

The new leviathan is equipped with twin screws, and power is supplied by two sets of quadruple expansion engines, giving the liner a speed of about eighteen knots an hour.

## ENDS HER LIFE IN NIAGARA

## Husband Jumps After Her, but Fails at Rescue.

Children See Mother Leap Into Water Between the First and Second Sister Islands.

Niagara Falls, N. Y., June 6.—Mrs. Sarah Cohen, of Buffalo, went down to death in the waters of the Niagara River this afternoon.

She leaped into the river from the shore of the Second Sister Island and was swept along the channel between the First and Second Sister Islands.

When she jumped her children and husband were close by. Mr. Cohen dashed after her. In a twinkling the two forms were caught by the torrent. She sank out of sight. He lodged against a log and a rock, apparently holding to something under water. There he swung in the current for half an hour until men brought ropes. Cohen was twenty feet out. He could not fix the rope about him. Still he held fast to it and finally was pulled ashore.

## DEMENTED WRITER IN CELL

## Miss Mary De Fichie Alleged to Be Insane.

Well-dressed New York Woman Who Claims Newspaper Profession Held for Investigation.

A woman who claims the newspaper profession as her vocation and New York City as her home spent last night in a cell at the First precinct station. It is alleged she is insane.

Well dressed, refined, and apparently well-educated, she appeared out of place in the station house. She said her name was Miss Mary De Fichie, and gave her address as 238 E. 11th street, New York.

For several days the woman has been given medical attention by Dr. Thomas H. Smith. She appeared ill and nervous, and grew violently excited at a slight noise, and suffered hysteria on one or two occasions.

Dr. Smith feared the woman would harm herself if allowed to remain longer in the house. He asked the police for aid, and Policeman Roper, of the Sixth precinct, was detailed to assist the physician. Dr. Smith and Policeman Roper accompanied the woman in an automobile to the First precinct station.

The patient will be examined by police surgeons to-day, and it is probable she will be committed to a hospital for observation. Miss De Fichie, when seen by a reporter, said she had recently been dismissed from a sanatorium, but could see no reason why she should be committed to a hospital for observation.

Miss De Fichie told a story of being taken ill in a railroad train, and fracturing her skull by falling against the back of a seat. The blow made her unconscious and when she revived she was in East St. Louis. She was removed to hospital, where the operation was performed. Miss De Fichie claims the operation, which was unnecessary, robbed her of her health.

## OBSERVE CHILDREN'S DAY.

McKendree M. E. Sunday School Gives Entertainment.

Children's Day was observed by the McKendree M. E. Sunday school yesterday morning in the main auditorium of the church at 10:30 o'clock. The church had been decorated with palms and cut flowers by George C. Shaffer. The Apollo Orchestra of the school, forty members, assisted.

The school children marched into the auditorium headed by the Junior Choir singing "Golden Sunshine." This was followed by an orchestra selection, "Sacred Heart," sung by the school; "Beauty Everywhere," prayer by Rev. R. L. Wright; welcome, by Master John McLaughlin; solo, Gladys Wagley; song, by primary class; orchestra selection, "An Easter Flower," exercise by girls of primary department.

At this point the pastor baptized two little children and received into the church two of the scholars.

An exercise by Miss Mary Hammond's class was followed by the offering taken by the young women of this class. After a recitation by Walter Blunck and a solo by Miss Doretha Odell, the superintendent, Frank T. Israel, introduced R. V. Belt, who made a short speech, and presented a handsome umbrella from the school to Albert P. Johnston, director of the orchestra.

A solo was then sung by Miss Nettie Smith, who was draped with an American flag. This was followed with a recitation by Master Donald Morehouse. The orchestra then gave a selection, followed with a song by a class from the primary department. The school then sang "God Is Good," after which the orchestra played "Sweet Brier," and the benediction was pronounced by the pastor, Mrs. Thomas M. Ruffel was chairman of the committee in charge of the programme, assisted by Mrs. O. B. Jenkins, Mrs. F. T. Israel, and Miss Mary Hammond.
